

LINEARE CABINET # 3292 : Sideboard design in Canaletto walnut and carbon fiber

"Lineare" is a modern sideboard, characterized by clean lines and designed to best furnish your living or dining room.

FEATURES:

SIZE: 3292 - 230 x 50 xh 65 cm

Lineare is perfectly suitable for a modern room. Its design is made impacting by the intersection of different volumes, held by thin feet.

The frame of this design sideboard is in Canaletto walnut, presented in a natural finishing which enhances the peculiar beauty of this wood. Its doors and drawer faces, by contrast, are entirely made of carbon fiber.

Its flat, linear, uninterrupted surface is made possible by the installation of cantilever closures, which allow doors and drawer not to be fitted with knobs.

FINISHINGS AND FABRIC

CANALETTO WALNUT - mat natural finishing

DOORS: 100% Carbon Fiber
